AUSTRALIAN MADE FOR AUSSIES

With a proud legacy of over 25 years, we have been dedicated to creating an expansive array of high-quality spas and swim spas onshore. Our commitment lies in maintaining impeccable quality control and offering state-of-the-art technologies to Aussies.

25 YEAR STRUCTURAL WARRANTY

Our frames for all Swim Spas and Urban Pools are DuraGal which are cold formed hollow sections that are hot dip galvanization process conforming to AS/NZS 4792. This treatment ensures a minimum average coating mass of 100 grams per square metre on the exterior of each section, resulting in an exceptionally robust and durable structure.

MORE FEATURES, LESS SPACE, THE ULTIMATE EXPERIENCE

Embrace the perfect fusion of fitness and relaxation right in your backyard with our compact and versatile solution. Swim spas and Urban Pools offer the ideal balance, providing you with ample space beyond a traditional spa. Experience the joy of swimming against the invigorating swim jets, offering a full-body workout while minimising stress on your muscles and body.

Not only are swim spas and Urban Pools a cost-effective alternative to traditional pools, but they also bring added value by combining the benefits of both relaxation and fitness in one extraordinary package.

A SPA WARRANTY LIKE YOU HAVE NEVER SEEN BEFORE

7 YEAR FACTORY BACKED WARRANTY

Experience the ultimate peace of mind with our world-class key equipment warranty, encompassing all essential components of your swim spa and Urban Pool. From pumps and control boxes to plumbing, heaters, spa jets, and valves, we've got you covered with worry-free protection on all the vital elements for the ultimate swim spa and Urban Pool experience.

KEY EQUIPMENT COVERS

- 3kw Heater
- Massage Pump
- Circulation Pump
- Control Box
- Plumbing
- Spa Jets and Valves

WORLD CLASS 8 LAYER ARCTIC INSULATION

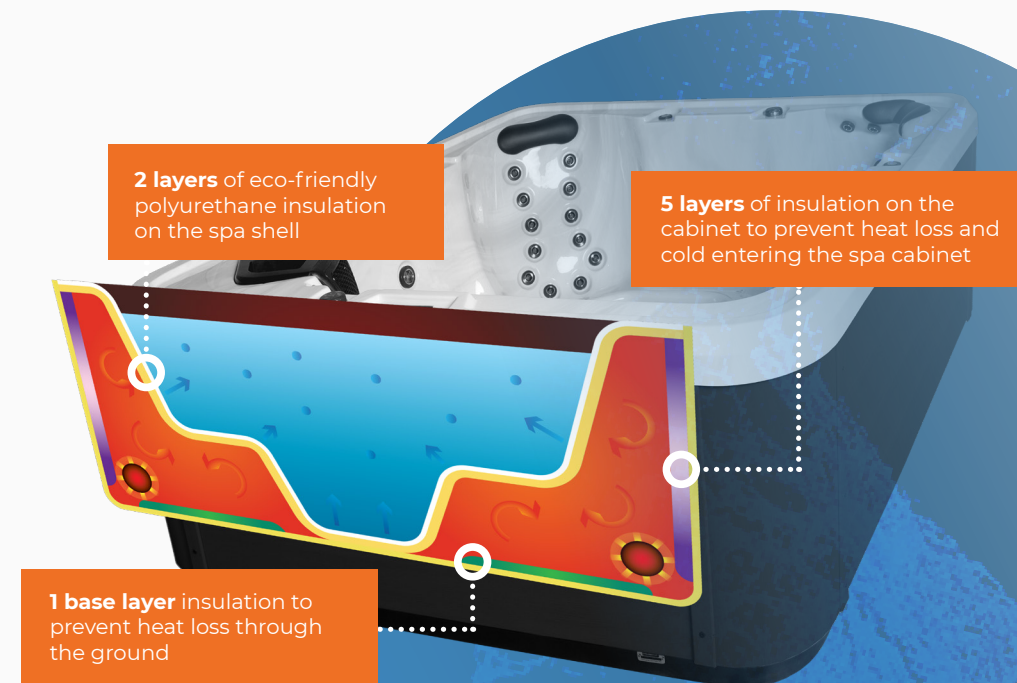

Discover the pinnacle of energy efficiency and eco-friendliness with our Arctic Insulation system, comprising 8 cutting-edge insulation layers. This remarkable technology ensures an unparalleled experience for your swim spa and Urban Pool, while also significantly reducing running costs.

THE 8 LAYER INSULATION SYSTEM INCLUDES

- 5 layers that surround the spa cabinet
- 1 layer on the base to prevent heat loss through the ground
- 2 layers of sprayed eco-friendly polyurethane foam locking in the spa's temperature

These layers work together to provide an energy-efficient solution that is unmatched in the Australian spa market, creating a genuinely groundbreaking eco-friendly spa system.

AQUAZONE

TRANQUILITY AND FITNESS IN ONE

Bring home exquisite luxury with the AquaZone Series. With seating for 5 including a spacious swim area, the AquaZone® is a complete fitness centre and a perfect addition to any outdoor living area.

Designed with dual temperature controls that maximise your hydrotherapy needs along with the ability to program the swim station jets to your desired choice, your fitness centre will always be ready when you are.

INTRODUCING URBAN POOL

Simplify the pool buying process with our streamlined approach – we’ve engineered the fastest, simplest, and most budget-friendly method for pool design and installation.

Whether you are dealing with limited space or aiming for a pool that’s perfect for hosting, our range of Urban Pools has got you covered. No matter your preferred usage, we offer the ideal Urban Pool to match your needs.

Select from three convenient sizes and configurations, allowing you to create the perfect pool for your backyard oasis.

CONFIGURATIONS:

With configuration options that allow complete customisation to amplify not only the look but experience of your new pool.

**SIDE
STEP**

**OPEN SPA
SINGLE ZONE**

**CLOSED SPA
DUAL ZONE**

HEATING UPGRADE

Swim all year round by upgrading the heating unit on your Swim Spa or Urban Pool with two energy efficient options.

HYBRID ELECTRIC HEAT PUMP

Using a heat pump will reduce the heating running costs by approximately 30% to 40% and is compatible and easily controlled from your touchpad with the necessary equipment or with the iSpa® Wifi App.

Heat Pumps perform best when ambient temperatures are over 18C°. The Hybrid Electric Heat Pump can be fitted to all Swim Spa models in our range.

HYBRID GAS HEATER

The Hybrid Gas Heater is by far the most effective and efficient way to heat your spa. The Hybrid Gas system has fast heat-up times (temperature rise by 24C° to 55C° per hour per 1000 litres of water) and is easily controlled from your touchpad with the necessary equipment. The Hybrid System reduces chemical usage and also reduces the running cost of your spa by up to 70% and is compatible with iSpa® Wifi App.

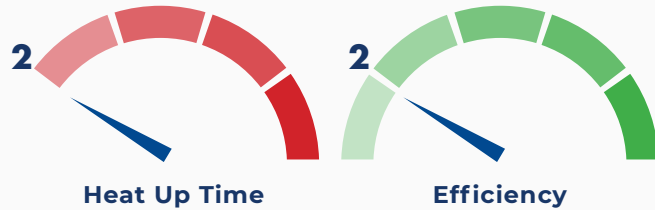

The Hybrid Gas Heat Heater can be fitted to all Swim Spa models in our range.

HEAT IT UP!

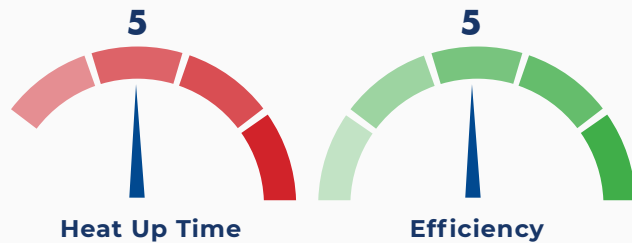

Take control of your household energy efficiency, allowing easier insight into your output. From budget-friendly options right up to our quickest heat up time, you can completely tailor your pools heating system to your desires.

3KW ELECTRIC

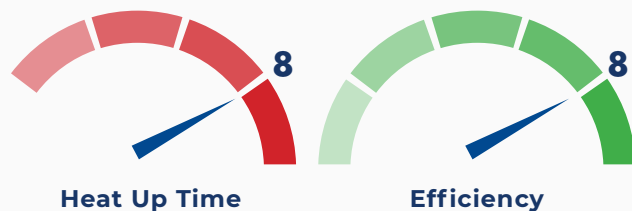

(included with any swim and/or spa system)

HYBRID ELECTRIC HEAT PUMP (14kw)

HYBRID GAS HEATER

ARCTIC INSULATION

Standard on all Swim Spas, Arctic Insulation locks in any potential heat loss and reduces heating running costs by up to 30%.

NEW
INNOVATION

SWIM SYSTEMS

Distinguishing Urban Pools from traditional counterparts is our integrated swim system, a revolutionary feature that enables a comprehensive full-body swim workout within a compact pool space.

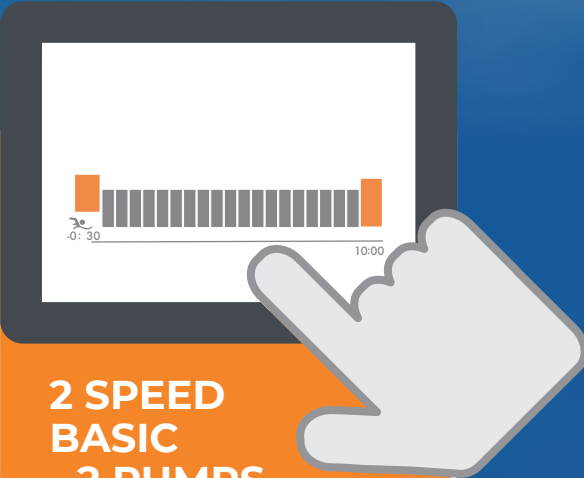

Powered by advanced swim system technology (only available in 5 & 8-speed models), this innovation offers a variable swimming experience, allowing you to personalise your stroke technique and exercise intensity.

Discover our distinctive trainer programs (only available in 5 & 8-speed models), granting you the freedom to select from preset regimens or craft your very own swim training routine.

Applicable to swimmers of all skill levels, our swim systems cater to everyone, whether you're a beginner embarking on your aquatic journey or an advanced power swimmer aiming for peak performance.

*Not available on swim spas

LEISURE SPLASH

**2 SPEED
BASIC
- 2 PUMPS**

Set your speed and swim.

BEST OF BOTH WORLDS

**5 SPEED
TRAINER
ADVANCED
- 3 PUMPS**

Choose a pre-set swim training regime or create your own custom training schedule ramping up and tapering off to cool down.

POWER WORKOUT

**8 SPEED
TRAINER
ADVANCED
- 4 PUMPS**

Fully customisable program that allows you to set your warm up program, interval training and cool down without stopping to adjust. The smartest swim workout system on the market.

Boost Pump Rating: 975 litres per minute at 4.2HP peak rate and 3HP continuous.
*recommended to have a hard cover in place to protect the acrylic and touchpad

COLOUR OPTIONS

Our Urban Pools come in 5 different shell colours and 6 cabinet options, meaning there's a pool and Swim Spa range for every backyard aesthetic and style.

SHELL COLOUR OPTIONS:

-  **Blue Marble**
-  **Black Marble**
-  **White**
-  **White Marble**
-  **Pool Blue**

CABINET COLOUR OPTIONS:

-  **Brown**
-  **Grey**
-  **Whitewash**
-  **Walnut**
-  **Charcoal**
-  **Timber**

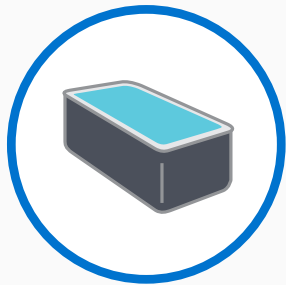

INSTALL AND ENJOY

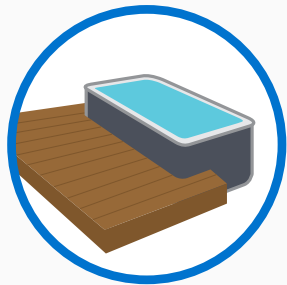

Urban Pools arrive pre-assembled, featuring all essential systems seamlessly integrated within the pool's structure, facilitating a hassle-free installation process in your own backyard.

Choose from three straightforward installation options, providing you with ultimate flexibility to tailor the setup according to your specific requirements
